SANITISER

MOISTURISING
CREAM

PRODUCT DESCRIPTION

A Portable Hand Hygiene Kit for mobile community staff that includes the 3-step Hand Hygiene procedure for cleansing, sanitising and moisturising.

WHERE TO USE

For community staff on the move.

WHEN TO USE

Healthcare environments - follow the World Health Organisations '5 Moments of Hand Hygiene' recommendations.

HOW TO USE

HAND WASH: For general hand washing - apply 1 dose to WET hands and rub in well across all parts of hands for 30 seconds. Rinse hands thoroughly with clean running water and dry well.

SANITISER: For general hand hygiene - apply 1-2 doses direct to clean hands and rub across all parts of the hands.

For hygienic hand disinfection (according to the EN1500 standard) apply 3 doses (3ml) and spread across all parts of hands for 30 seconds (60 seconds - viruses).

For surgical hand disinfection (according to EN12791 standard) - apply 3 doses (3ml) and rub in to hands using standard hand rub procedure; re-apply as necessary to keep hands wet for 3 minutes.

MOISTURISER: Apply to the back of hands. Rub on all areas of the hands, including between the fingers and around the fingernails.

CONTENTS

- Hand Sanitiser 400ml
- Hand Wash 150ml
- Moisturising Cream 100ml

FEATURES	BENEFITS
Large bag	Provides room for additional items such as paper towels and gloves.
Mobile Use	Provides the same quality hand hygiene products as found in hospitals but adapted for mobile use.
Contains Hand Sanitiser	Highly effective formula kills 99.999% of many common germs and is tested and proven to be bactericidal, yeasticidal, mycobactericidal and virucidal against all enveloped viruses Unlike alcohol gel sanitisers, the product does not contain gelling agents that leave the hands feeling sticky, particularly after multiple use.
Contains Hand Wash	Mild perfumed creamy soap for frequent use. Pleasant silky-smooth skin feel when washing; helps reinforce good hand washing practice. Contains a skin moisturiser to help prevent drying and leave the skin feeling smooth after use.
Contains Moisturising Cream	Helps maintain skin condition. Apply regularly, i.e. before breaks and at the end of a working day. Designed for normal to dry skin to absorb and leave no greasy after-feel, encouraging regular use and maintaining healthy skin condition.

Hand Hygiene Kit

STATUTORY REGULATIONS

These products meet either the current national regulations for Biocidal products or Cosmetic Products.

SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information please refer to our Safety Data Sheet which can be downloaded from www.scjp.com/msds.

QUALITY ASSURANCE

SC Johnson Professional® skin care products are manufactured in facilities which follow Current Good Manufacturing Practice (cGMP) and/or Cosmetic GMP requirements.

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in SC Johnson Professional's high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.
