

Stokolan® SENSITIVE PURE

Enriched Perfume-free and Dye-free Skin Conditioning Cream

PRODUCT DESCRIPTION

Enriched skin conditioning cream designed for professional use with a high level of moisturisers to care for dry, very dry and sensitive skin. Perfume-free and dye-free.

WHERE TO USE

For use in industrial, food and healthcare environments.

TYPE OF SKIN

- Sensitive skin.
- Dry to very dry skin.

INSTRUCTIONS FOR USE

- Apply 1ml to clean and dry skin prior to extended breaks and at the end of the working day.
- Rub on all areas of the hands, including between the fingers and around the fingernails.
- Can also be used on the body.
- Apply regularly as part of a skin care routine.

DESIGNED FOR SENSITIVE SKIN¹

This product is formulated to reduce allergenic potential, because it is:

- Perfume-free and dye-free
- Skin hypoallergenic
- ECARF certified³

	DESCRIPTION	BENEFITS
FEATURES	Enriched skin conditioning formula	Specially formulated to nourish and hydrate dry, very dry and sensitive skin.
	Skin Hypoallergenic	This product is tested by an independent dermatologist using Human Repeat Insult Patch Tests (HRIPT) to verify and confirm this product does not irritate the skin and has very low allergenic potential.
	Designed for Sensitive Skin ¹	This product is formulated to reduce allergenic potential, which means the product is perfume-free and dye-free, skin hypoallergenic and ECARF Certified ³ .
INGREDIENTS	Perfume-free and Dye-free	Designed for people who are sensitive to perfumes and dyes and who prefer products which do not have these added.
	Contains Glycerin & Urea	High levels of moisturisers enhance the water holding capacity of the skin's upper layers, supporting the skin's own moisture system and helps improve skin elasticity.
	Contains Creatine	Included to encourage the skin's own production of barrier lipids.
	Silicone-free	The product will have no adverse effect if in contact with surfaces prior to the application of paint or surface coatings.
CERTIFICATES/ COMPATIBILITY	Certified by HACCP International ²	Certified by HACCP International as being suitable for use in facilities that operate a HACCP based food safety programme (Food Zone Classification SSZ) when used as directed. Food handlers should use product only in accordance with label instructions and product should not come directly into contact with food or items that contain food.
	ECARF Certified ³	This product meets the European Centre for Allergy Research Foundation (ECARF) criteria for skin tolerability. For more information go to http://Ecarf-siegel.org/en/about-seal .
	Suitable for food facilities	Product has been independently evaluated and trace amounts of the product are not expected to cause adverse toxicological effects. Food handlers should use product only in accordance with usage instructions and product should not come directly into contact with food or items that contain food.
	Compatible with rubber production processes	Independently tested at the German Institute of Rubber Technology (DIK) and proven to have no negative effect on the vulcanisation process.
	Compatible with alcohol-based hand sanitisers	Can be used in hygiene sensitive areas where hand sanitising procedures are necessary.

Stokolan® SENSITIVE PURE

Enriched Perfume-free and Dye-free Skin Conditioning Cream

STATUTORY REGULATIONS

This product is a cosmetic product regulated by and complying with Regulation EC No 1223/2009 (as amended) on Cosmetic Products.

SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information please refer to the Safety Data Sheet which can be downloaded from <https://www.scjp.com/en-gb/safety-data-sheets>

SHELF LIFE

This product has a shelf life of 30 months from the date of manufacture when stored unopened at room temperature.

SUITABLE FOR USE IN FOOD HANDLING AREAS

When used as instructed, Stokolan® SENSITIVE PURE cream does not influence the quality and safety of foodstuffs.

The product has been assessed using the HACCP hazard analysis methodology. The following critical control points were identified and are controlled as follows -

1. Impact on smell and taste of foodstuffs - The formulation has been independently tested according to 'Sensory Analysis - Methodology - Triangle Test BS EN ISO 4120:2007' and proven to not have the potential to taint food.
2. Possible toxic effects of the ingredients - An independent oral toxicological evaluation was performed and concluded that any foodstuffs which may contain trace amounts of the product, are unlikely to cause adverse toxicological effects.

CERTIFICATIONS

HACCP International Certified

This product and the dispensers it is to be used with have been certified by HACCP International as being food-safe hand hygiene products suitable for use in facilities that operate in accordance with a HACCP based food safety programme in Food Zone Classification SSZ (Splash or Spill Zone). This means products are suitable for use in food handling areas such as kitchens, production areas and processing areas, but not suitable for coming directly into contact with food or items that will touch food. HACCP International's evaluation and certification is strictly confined to matters of food safety or the operation of a HACCP based food safety programme. Whilst all reasonable care is taken by HACCP International in its evaluation of the product(s) or services(s) described herein, HACCP International does not guarantee that every food safety risk in every application has been identified. No guarantee is offered or implied in the issuing of this statement.

ECARF Seal of Quality

This product meets the European Centre for Allergy Research Foundation (ECARF) criteria for skin tolerability. Cosmetics can receive the seal of quality for meeting the following criteria:

1. Quantitative risk assessment of the product ingredients with respect to their potential for skin sensitisation, taking into account their specified conditions of use and amount.
2. Medically supervised clinical trials by volunteers with atopic dermatitis.
3. Approved system of quality control management.

For more information go to <http://ecarf-siegel.org/en/about-seal>.

This product is designed for sensitive skin and is formulated to reduce its allergenic potential¹

¹The product does not guarantee a complete absence of risk of an allergic reaction. Allergy sufferers should always refer to the ingredient list before using the product.

NB: After-work skin care creams help to maintain the skin in good condition keeping it strong and healthy, avoiding dryness. Using care creams is an important element in skin care best practice.

INGREDIENTS

AQUA (WATER), PARAFFINUM LIQUIDUM, GLYCERIN, GLYCERYL STEARATE SE, BIS-DIGLYCERYL POLYACYLADIPATE-2, STEARIC ACID, CETEARYL ALCOHOL, UREA, POTASSIUM STEARATE, CREATINE, 1,2-HEXANEDIOL, CAPRYLYL GLYCOL, TROPOLONE.

QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow appropriate quality assurance practices, including with respect to quality control processes for raw materials and finished goods, and comply with any regulatory requirements applicable to the manufacturing of such products.

PRODUCT SAFETY ASSURANCE

Product Safety Assessment

The product has been assessed by an independent toxicologist and is declared safe for intended use on hands and body of adults aged 16 years and above when used as directed, meeting all relevant regulatory requirements.

Skin Compatibility Test

Independent dermatological tests conducted to assess the skin compatibility of the product using voluntary test persons in occlusive, 72 consecutive hour application models, shows the product to be non-irritating in use.

Skin Hypoallergenic Risk Assessment

The formulation has been assessed by an independent toxicologist to be formulated in such a way as to provide either minimal or no risk of provoking allergic skin response and thus meets the requirements for being described as 'Hypoallergenic' (Delphic Solutions Ltd, UK).

Allergy sufferers should always refer to the ingredient list before using the product.

COMPATIBILITY TESTS

Rubber Production Process Compatibility

In testing conducted by the Deutsches Institut für Kautschuktechnologie (DIK) in accordance with DIN EN ISO/IEC 17025, the use of Stokolan® SENSITIVE PURE cream in rubber production process does not influence the cohesive strength of rubber.

Sanitiser Compatibility Test

The compatibility of Stokolan® SENSITIVE PURE cream with alcohol-based hand sanitisers was tested using a modified EN13727 test protocol. Results show that Stokolan® SENSITIVE PURE cream does not negatively affect the efficacy of alcohol based hand sanitisers against *Ps aeruginosa*, *E coli*, *S aureus* and *E hirae*.

EFFICACY TESTS

Skin Hypoallergenic

The perfume-free and dye-free formulation did not demonstrate a potential for eliciting dermal irritation or sensitisation after conducting an independent 6 week Human Repeat Insult Patch Test (HRIPT).

Allergy sufferers should always refer to the ingredient list before using the product.

Skin Hydration Test

The moisturising properties of Stokolan® SENSITIVE PURE cream were assessed via application of the product twice daily at an interval of approx. 5 hours to the forearm skin of healthy volunteers over a 4 day test period. The starting values for the skin moisture were determined in the morning by means of the Corneometer®, before the first application, and then again on the morning of the subsequent day.

Results show that under repeated usage conditions, Stokolan® SENSITIVE PURE cream provides the skin with consistent levels of increased hydration; over 2 times more than untreated skin. This demonstrates that the skin moisture is clearly improved by Stokolan® SENSITIVE PURE cream when used regularly.

4 Day Skin Hydration Test
