

G20^{BT}

Commercial walk-behind floor scrubber dryer

For medium-sized indoor areas

SHOPPING CENTRES / AIRPORT / SUPERMARKETS

The G20^{BT} is a traction-driven, walk-behind floor scrubber ideal for medium-sized areas. Equipped with a long-lasting battery and a wide cleaning path, it significantly boosts efficiency, making daily cleaning and maintenance tasks faster and more effective than smaller machines in its class.

Features & Benefits

Safety is a top priority

Anti-collision wheels are added on both sides of the squeegee to effectively buffer the impact and ensure safety in use in case of obstacle impact and Anti-inverse plugging design of the connection plug can prevent wrong plug insertion and provide safer operation.

Powerful and Longer-lasting Cleaning

The 55L high-capacity solution tank and dual 12V/100Ah maintenance-free batteries deliver up to 3.5 hours of continuous operation.

Shopping Mall

Sectors

Airport

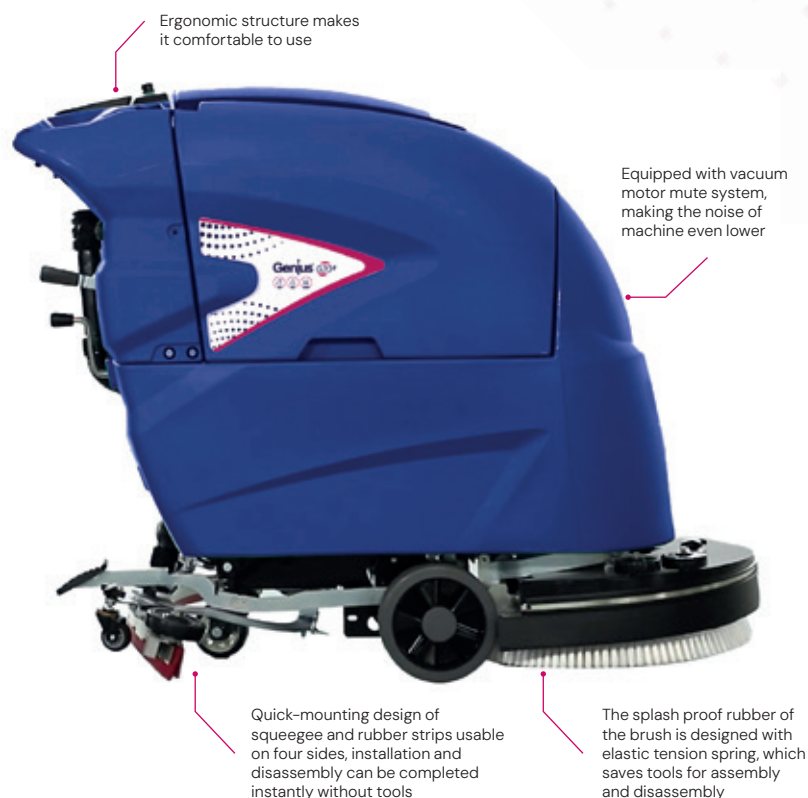

Super Market

All design for convenience

Quiet, equipped with a vacuum motor mute system, making the noise of the machine even lower.

Easy, Quick-mounting design of squeegee and rubber strips usable on four sides, installation and disassembly can be replaced faster.

Equipped with a driven system to make cleaning easier.

Specifications

G20^{BT}

Volume of solution tank	55L
Volume of recovery tank	65L
Working width	510mm
Squeegee width	780mm
Maximum forward speed	4.5Km/h
Maximum working efficiency	2250m/h
Brush specification	19 Inches
Brush pressure	35Kg
Rotation speed of brush	180rpm
Traction motor power	24V/120W
Brush motor power	24V/500W
Vacuum motor power	24V/390W
Delayed shutdown of vacuum motor	Standard
Battery specification	12V/100Ah X2
Battery duration	3.5h
Dimension	1300 X 550 X 1030mm
Net weight(excluding batteries)	92Kg

Cleaning spaces *with ease*
