

G22<sup>RB</sup>

# Commercial ride-on floor scrubber dryer

For medium-sized indoor areas

HOSPITAL / STADIUMS / SCHOOLS & UNIVERSITIES

Genjus®

# G22<sup>RB</sup>

The G22<sup>RB</sup> is a compact ride-on floor scrubber dryer designed for efficient daily cleaning and maintenance tasks. These machines are ideal for both small and large spaces, making them highly versatile.

In larger facilities, narrow corridors or compact areas that can be difficult to clean with traditional equipment. The G22<sup>RB</sup> offers manoeuvrability needed for small spaces while providing the power and efficiency of a ride-on scrubber. This makes it an excellent choice for maintaining floors quickly and effectively across different environments.

## Sectors

## Features & Benefits

### Ride-on but Flexible

90L high-capacity solution tank, good for large space.  
Flexible control with steering wheel knob ball booster.

### Enjoy the Drive, Finish the Cleaning

The powerful drive motor delivers speeds of up to 5 km/h and handles climbing gradients of up to 12%. Equipped with two 12V/120Ah maintenance-free batteries, the G22RB offers up to 4.5 hours of continuous operation, ensuring durability and efficiency.

### Safety is the Priority

The pressure-sensitive seat prevents accidental activation by stopping the machine when not properly occupied. For enhanced safety, the machine automatically slows down during turns and when reversing, reducing the risk of collisions. It also features an active braking system with a braking torque of up to 6 Nm, ensuring precise and reliable stopping.

When turning or reversing, the machine decelerates automatically to protect the working environment

Strong drive motor offers a speed up to 5km/h and climbing gradient up to 12%

The wheels are made from specialised materials that provide anti-skid and non-marking properties, ensuring the safety of users while protecting both the floor and the machine.

## Specifications

### G22<sup>RB</sup>

Cleaning Width	560mm
Squeegee Width	780mm
Working Efficiency	2800m <sup>2</sup> /h
Brush Pressure	38KG
Brush RPM	180RPM
Brush Motor	DC24/500V/W
Vacuum Motor	DC24/390V/W
Traction Motor	DC24/300V/W
Forward Speed	0-5Km/h
Solution Tank	90L
Recovery Tank	100L
Max.Gradeability	12%
Machine Dimension (Squeegee Excluded)	1365*665*1040 L*W*H

Cleaning spaces *with ease*
