

PURITI LAUNDRY CARE

LOW TEMP DESTAINER

LOW TEMPERATURE COLOURSAFE
DESTAINER

USES

LOW TEMP DESTAINER is a viscous white liquid for use as laundry destainer and bleaching agent for white and colour fast fabrics. Designed for destaining and bleaching with minimal risk of fabric damage and colour fading.

LOW TEMP DESTAINER is a replacement for bleaching/destaining systems based on Hypochlorite or Peroxide.

DIRECTIONS

Light Soil; 4ml - 6.5ml per kg,
Medium Soil; 6.6ml - 8.4ml per kg,
Heavy Soil; 8.5ml - 15ml per kg.

N.B. Not suitable for wool, nylon or fabrics labelled dry clean only. Not suitable for use with sodium sulphite destainer in the same wash.
