

INK & PEN MARK REMOVER

- Fast acting
- Low odour - user-friendly
- Water rinsable - easy to remove

USES

A fast-acting ink and pen mark remover designed to be effective against a range of inks and pen marks.

Inkov rapidly dissolves Inks, **Ball-Point Pen, Felt-Tip Pen, Dry Wipe Markers and Permanent Marker** from hard surfaces and solvent resistant fabrics.

Excellent for the removal of accidental permanent marker use on classroom whiteboards.

NB. May dull or remove varnish & paint from surfaces.

DIRECTIONS

Non Absorbent Hard Surfaces (eg. glass, whiteboards):

Spray lightly onto the surface.
Wipe with absorbent material until marks are removed.
Wipe dry with clean absorbent material.

Absorbent Hard Surfaces (eg. wood):

Spray lightly onto the surface.
Wipe with absorbent material to remove the surface ink.
If a shadow of the ink remains, apply Inkov again and allow to penetrate into the surface. Wipe with absorbent material until marks are removed.
Multiple applications may be required to remove some inks.
Wipe dry with clean absorbent material.

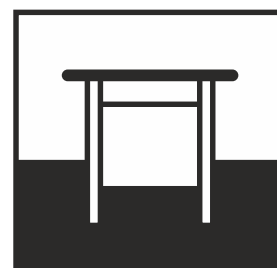

N.B. Some 'Highlighter' pens may not be fully removed from absorbent surfaces.

Fabrics:

Spray lightly on fabrics.
Dab with a white absorbent material until marks are removed.
DO NOT RUB at the fabric.

Launder the item normally once marks are removed.

Code: 712

PACK SIZES

200ml
